

Master Artist Bio:

Helen Burkett, AWS, NWS, MWS, SEWC, SWS, FWS, FSWS.

I am a watercolorist. I've worked in many different media over the years including charcoal, graphite, silverpoint, colored pencil, conte, oil, and acrylic; and having done that, I know that my real love is watercolor. I am constantly reading about and studying painting and related subjects to find words that will help me convey how I do what I do to my students and patrons, as well as building on my formal training at the Corcoran School of Art in Washington, DC, and at the University of Maryland in College Park, MD, and workshops by other nationally acclaimed watercolorists.

During the 40-plus years I have been making my living as a painter, my work has been included in many group exhibitions, including those sponsored by the AWS, NWS, MWS, SEWC, SWS, FWS, and FSWS; and I have had many one-person shows. Currently, my work is on display in the Florida State Capital in Tallahassee, as well as in various other public

collections such as those of the Polk Museum in Lakeland, Winter Park Memorial Hospital, Sarasota Memorial Hospital, Orlando Sentinel, Central Florida University, Walt Disney Corp., Ford Motor Co., Florida Hospital Center in Eustis, FL, Hay-field Mansion in Louisville, KY, and the Suncoast Technical College in Sarasota, where I have taught a weekly or biweekly class for the last 12 years, as well as in innumerable private collections.
