

Artist-Instructor: Erica Sharp is a local artist and art teacher at The Sanibel School. She grew up in Rockford, IL and graduated from Northern Illinois University with a degree in Art Education.

Erica has always been drawn to many different mediums and styles of art. Exposing her students to the joy and freedom that creativity and its exploration brings about is one of her favorite things. When Erica is not making art in the classroom with her students, she enjoys creating art of her own and exploring the natural beauty SWFL has to offer.
