

Instructor bio: Donna Lee Cole

Donna is a retired special education teacher who enjoys art in its many forms. She is an avid scrapbooker, card maker, and photographer. After taking a Zentangle class in 2013 and immediately falling in love with the art form she became a certified Zentangle teacher and began teaching classes throughout Lee County.

Donna is also an art educator for BIG ARTS teaching geli-prints, acrylic pour, and Zentangle classes on campus as well as teaching *Art Retreats for Caregivers* of Lee Health through one of BIG ARTS outreach programs.

Donna Lee says;

"I am a hands-on learner, so that is my style of teaching. I believe people learn best by doing. It is how I teach all my classes. We are our own worst critics and I enjoy the excitement and awe on people's faces when they see their finished piece, as most people I have worked with have said, 'I could never do that!' It is rewarding for me to see their surprise and eagerness to try again."
